The image shows a mobile application interface for food delivery and grocery shopping. At the top, there's a header with the time (9:41), signal strength, and battery level. Below the header, the user's location is listed as "Home" in "Johar Town Lahore", accompanied by a heart and shopping cart icon. A greeting "Good Evening, Mehroz" is displayed, followed by a message stating there are 567 restaurants in the area. A search bar is available for finding shops and restaurants. Below the search bar are three main service options: "Food delivery" (pink background), "pandamart" (yellow background), and "Shops" (blue background). The "Shops" option is circled in red. Underneath these are sections for "Your Restaurants" showing deals from Subway and Broadway Pizza.

Why

Features

Eco-Friendly Delivery: One Pedal at a Time

 **Save CO2!**

By cycling instead of riding a gas-powered motorbike, you are planting virtual trees.

Your small effort makes a **big** difference for the planet!

Distance cycled (km):

1 km 3 km 5 km 10 km 20 km

Calculate

Welcome! Start cycling to see how many trees you can plant!

Distance cycled (km):

1 km 3 km 5 km 10 km 20 km

Calculate

Welcome! Start cycling to see how many trees you can plant!

Congratulations! 🌎💚

By cycling 20 km instead of riding a motorbike, you saved **2.06 kg** of CO2!

This is equivalent to growing **206 leaves!**

You've burned **560 calories!** 🔥🚴

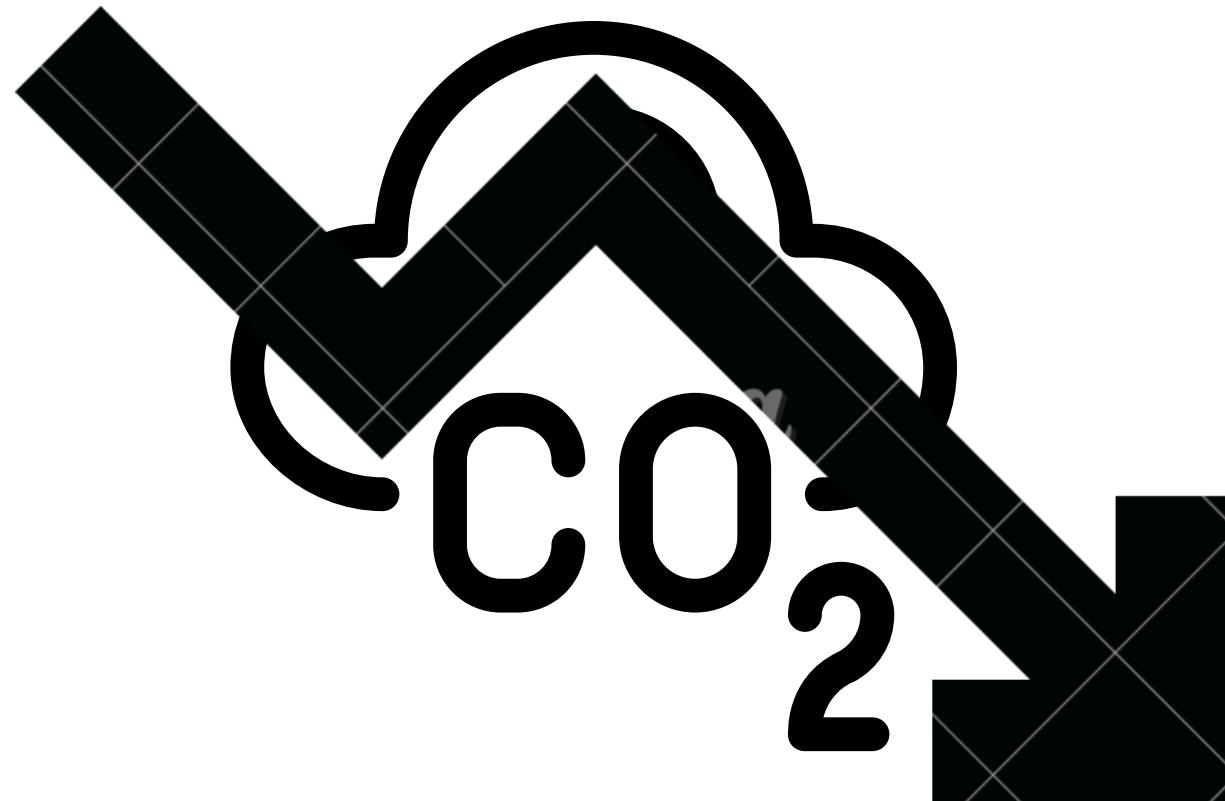

You've earned one of these:

**Big Mac (McDonald's)** 550 cal

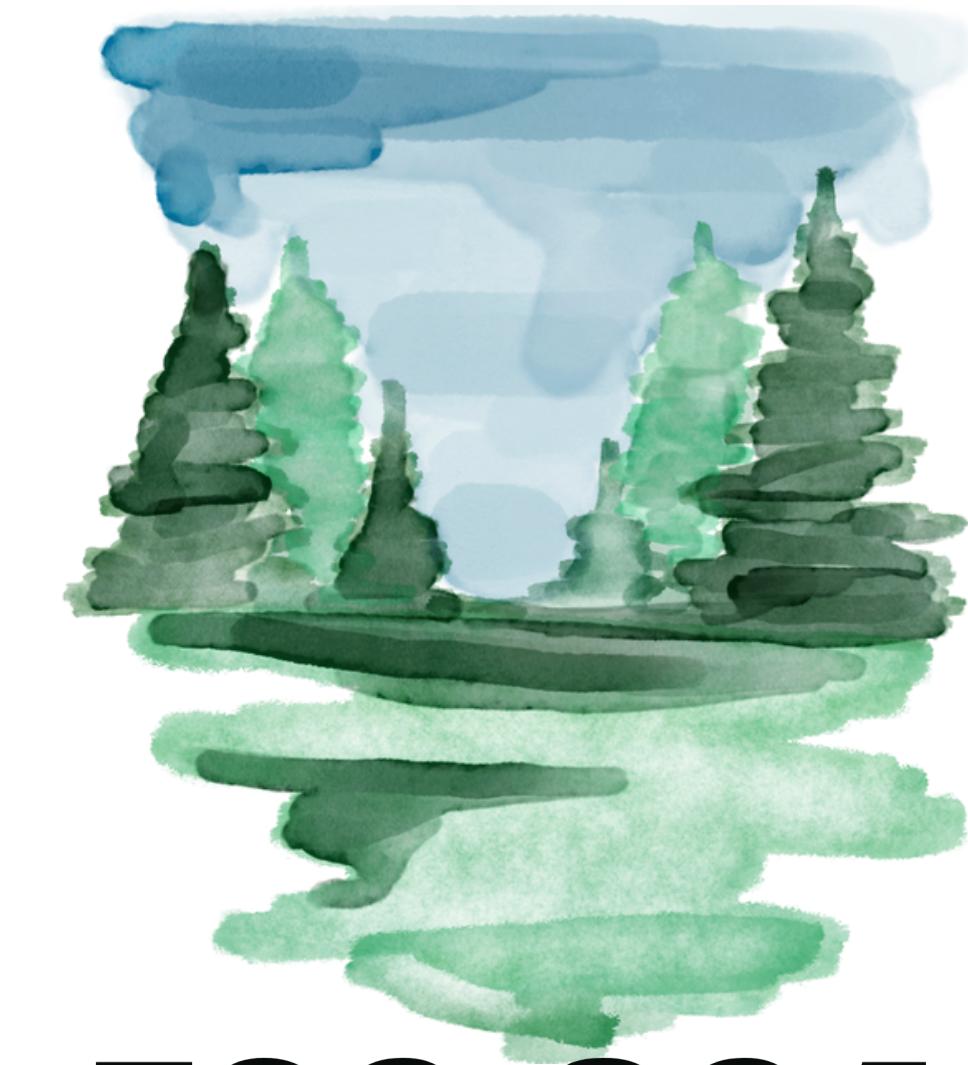

**Shake Shack ShackBurger** 530 cal

**Taco Bell Chicken Quesadilla** 510 cal

Carbon emissions savings
